Dear Clive Saul

### **MOD Safeguarding – SITE OUTSIDE SAFEGUARDING AREA**

**Proposal:** Energy Recovery Facility (incineration of waste & energy generation), associated infrastructure and improvements to access and bridge

**Location:** Skelton Grange Road, Stourton, Leeds

**Grid Ref:** 436542, 430644

**Planning Ref:** **P/11/03705/FU/MIN**

Thank you for consulting Defence Infrastructure Organisation (DIO) on the above proposed development. This application relates to a site outside of Ministry of Defence safeguarding areas. We can therefore confirm that the Ministry of Defence has no safeguarding objections to this proposal.

Whilst we have no safeguarding objections to this application, the height of the development will necessitate that aeronautical charts and mapping records are amended. DIO therefore requests that, as a condition of any planning permission granted, the developer must notify UK DVOF & Powerlines at the Defence Geographic Centre with the following information prior to development commencing:

- a. Precise location of development.
- b. Date of commencement of construction.
- c. Date of completion of construction.
- d. The height above ground level of the tallest structure.
- e. The maximum extension height of any construction equipment.
- f. Details of any aviation warning lighting fitted to the structure(s)

You may e-mail this information to UK DVOF & Powerlines at [icgdgc-prodaisafdb@mod.uk](mailto:icgdgc-prodaisafdb@mod.uk), or post it to:

I trust this adequately explains our position on this matter.

Yours sincerely
