6th June 2012

Dear Clive,

Skelton Grange Road Stourton Leeds - Energy Recovery Facility (incineration of waste and energy generation), associated infrastructure and improvements to access and bridge

I write further to my letter dated 27th April 2012 where I asked that Biffa confirm direct to me that they would bear the costs of abandonment of the water mains laid within the site of the proposed Energy Recovery Facility at Skelton Grange.

I have now had further correspondence from the developer's agent and am able to inform you that Yorkshire Water is satisfied that Biffa will bear the cost associated with the abandonment and capping off to a satisfactory standard (to be agreed by Yorkshire Water) and therefore our objection to the proposed development can be lifted. If you require further information, then please contact me at the above address.

Yours sincerely

Stephanie Walden
