GENERAL NOTES

1. This drawing is to be read in conjunction with all engineer's, architect's or other relevant drawings and specifications.
2. All dimensions and levels are to be checked on site by the contractor prior to preparing any working drawings or commencing on site.
3. The contractor must ensure and will be held responsible for the overall stability of the building/structure/excavation at all stages of the work.
4. All work by the contractor must be carried out in such a way that all requirements under the health and safety at work act are satisfied.
5. All work is to be carried out in compliance with the requirements of the relevant statutory authorities and regulations.

Note:

Drawing to be read alongside GA and NBS  
Specification, refer to the following drawing and document:
