GENERAL NOTES

Notes

1. This drawing is to be read in conjunction with Earthworks Specification Document
SNW-WAT-XX-XX-DR-C-820001.
2. All dimensions and levels to be checked on site by the contractor prior to preparing any working drawings or commencing on site.
3. The contractor must ensure, and will be held responsible, the overall safety of all stages of excavations/structures at all stages of the work.
4. All work carried out by the contractor must be carried out in such a way that all requirements under the health and safety at work act are satisfied.
5. All work is to be carried out in compliance with the requirements of the relevant statutory authorities and regulations.
6. Cover marker layer is as per the remediation strategy.
7. Existing level information is based on model file SNW-WAT-XX-XX-M3-G-000001.00 CIVIL App Survey Plus GIN Combined, January, 2012.
8. Proposed levels information is based on ARUP Remediation Strategy and is shown on Proposed Site Watercourse Plans Document SNW-WAT-XX-XX-DR-C-950501 and SNW-WAT-XX-XX-DR-C-950502.
