Attachments: Layout Drainage.ods

Hi Kate

Revised drainage plan attached.

Regards

Steve

Hi Steve,

I have finished an initial review of the application. We require further information, as follows, before we can duly make the application:

Site layout and drainage plan

Please indicate the dirty water drainage route from the proposed houses (5 to 8) to the dirty water tanks.

You must send us the information by **11/06/26**.

If we do not receive this by this deadline we will return your application.

If we receive what is missing by the deadline, we will continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by email whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application, we'll send you a partial refund of your application payment. We'll retain 20% of the correct application charge to cover our costs in reviewing your application. This maximum amount we'll retain is capped at £1,673.78. Further information on charging can be

found at: <https://www.gov.uk/government/publications/environmental-permits-and-abstraction-licences-tables-of-charges>

Please note you have overpaid by £643.56. I will request a refund for this amount.

If you have any questions, please contact me.

Kind regards

Kate

Hi Steve,

I have picked this application up for validation (duly making). I'll contact you once I have reviewed the application if we need any further information.

Kind regards

Kate
