

Site Closure Plan

Moy Park Limited

**Alison's Farm
Land at High Dyke
High Dyke
Great Ponton
NG33 5BQ**

Permit number EPR/DP3642QD

During operations at the farm, land has been thoroughly protected at all times as detailed in the Environmental Management System for the farm. Prior to ceasing operations, the following additional actions will be taken:

- All poultry shall be removed from the farm
- All litter shall be removed for disposal by a licensed contractor
- The farm shall be thoroughly washed and disinfected
- All raw materials shall be removed from the site. They will either be used on another farm or returned to the supplier.
- All feed silos shall be emptied and washed. Any residual feed will be disposed of by a licensed contractor
- The fuel tank will be emptied into suitable sealed containers. The fuel will either be used or disposed of by licensed contractors. The tanks will then either be transferred to other farms or disposed of by licensed contractors
- All machinery, fixtures and fittings will be removed from the site, either relocated to other sites or kept as spares
- All drains and catchment systems will be thoroughly washed
- LPG storage tanks will be emptied by the gas supply company and removed from the farm
- The biomass boilers will be decommissioned and any ash disposed of

- The water will be turned off and the valves locked off. Electricity will be locked off at the substation
- The site will be inspected to ensure all the above procedures have been followed and the site has been decommissioned
- All buildings will be locked to prevent unauthorised access
