

**Key / Notes**

- Approximate boundary of Environmental permit number EPR/LB3733AF
- 250m distance from the site
- 500m distance from the site
- 1000m distance from the site
- Protected Habitat Deciduous Woodland
- 17 Potential receptor of dust generally within a 1km radius of the site
- Site access road

Notes:  
A full list of the receptors identified on the drawing is presented in Table 1 of the DEMP. The numbers shaded in grey on the drawing comprise activities such as roads and commercial operations in the vicinity of the site which have the potential to contribute particulate matter emissions to local air quality.

The locations of the Nature and Heritage Conservation Sites were provided by the Environment Agency in the Screening Report dated July 2023.
