

**Legend**

- Existing Sewer
- Surface Water Flow Routes
- Effluent From Site

**GENERAL NOTES**

Details

Drawing is for comment and information.

Precise location of routes of services are still to be determined, so not shown on this layout for clarity.

Number of parking spaces is approximate at this stage.

Size of office and welfare facilities are approximate at this stage. Office and welfare may be double stacked to save site space.

Positions of fire hydrants is indicative, and not confirmed until routs of water mains are confirmed.
