Our ref: EPR/CB3738AC/V002
Your ref: EPR/CB3738AC/V002

Date: 17/12/2020

Dear Mr. Titman,

Environmental Permitting – Recovery or Disposal Operation

Application Reference: EPR/CB3738AC/V002
Proposed Operator: P Casey Enviro Limited (PCE)
Regulated facility: Hareshill Farm Equestrian Centre
Site Address : Hareshill Road, Pilsworth, Heywood, Lancashire, OL10 2TB

You have submitted an amendment to your approved waste recovery plan for permit reference EPR/ CB3738AC/V002.

We have now fully considered your submission and we would like to advise you that:

We agree with your assessment that your activity is a recovery operation. This advice is based on the information you have provided in relation to waste types, amounts and nature of proposal including any proposed landform. If you change any of these between now and when you submit an application form, this advice may no longer apply. **Please also note that following submission of an application, additional assessment will take place (for example, further assessment of the proposed waste types based on the sensitivity of the site location) and therefore agreement that an operation is a recovery activity does not guarantee that a permit will be granted or a variation issued.**

For the sake of clarity, the following documents are considered to form the approved waste recovery plan;

- PCE_HAc25736 FV Report, Figures and Appendices A – E
- PCE_HAc25736 FV Appendices F & G

This amends the Waste Recovery Plan and should be read in conjunction with:

- *Amended Waste Recovery Plan 06339-1a – May 2012*

If you have any questions please phone me or email finlay.dampier@environment.-agency.gov.uk

Yours sincerely

Finlay Dampier

Permitting Officer
