

Schedule 1 Activity: 6.8Part A(1)(iii)(aa)

Factory Capacity = Maximum Site Output approx. 295 Tonnes per day.

This is approximated and based on the below, added together:-

- Soups & Sauces : Production Capacity : 145 Tonnes per Day
- Deli : Production Capacity : 75 Tonnes per Day
- Cerberus : Production Capacity : 75 Tonnes per Day

Schedule 1 Activity: 5.4 Part A (1)(a)(ii)

The ETP has the capability of treating up to 2280m³ per day (95m³ an hour), but has never reached this volume and actually only processes on average between 900m³ a day (37.5 m³ an hour) and 1200 m³ a day (50 m³ an hour).
