Hi Kate

Please see the amended documents attached.

Regards

Steve

Dear Steve

Environmental Permitting (England and Wales) Regulations 2016

Application reference: EPR/BP3429MJ/A001

Operator: Aura Associates Ltd

Facility: Porters Farm, Littleworth Drove, Spalding, PE11 3DG

I have been allocated the above application for validation and require additional information before it can be duly made, as follows:

- The BAT document has the incorrect farm name on it. Please amend the document.
- The Technical standards document states for noise that 'There are neighbours (sensitive receptor) within 400m of the farm.' Please amend this statement to confirm there are no sensitive receptors within 400m of the farm.
- Please correct the date of birth for Archie Dennis in Appendix 1 of application form Part B3.5 in-line with Companies House.

Please reply directly to this email with your information and copy me in.

You must send us the information by **01/04/2026**.

If we do not receive this by this deadline we will return your application.

If we receive what is missing by the deadline, we will continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by email whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the correct application charge to cover our costs in reviewing your application. This maximum amount we'll retain is

capped at £1,673.78. Further information on charging can be found at: <https://www.gov.uk/government/publications/environmental-permits-and-abstraction-licences-tables-of-charges>

Kind regards

Kate
