

KEY

- Permit Boundary (EPR/CP3999S.U)
- Land Owner Boundary (Highfield Farm)
- Soil Wash Plant
- Impermeable Surfacing or Hardstanding
- Wheel Wash
- Surface Water Runoff^{*1}
- Clay Kerbing^{*2}
- Ground Levels (m AOD)

Notes

^{*1} Arrow denotes flow direction.

^{*2} Clay kerbing contains all surface water runoff in the wash plant area. The surface water runoff is collected in the lagoon and re-used within the wash plant area.

Surface water runoff within the wider site falls to the surface water basin.

There is no wet screening outside of the wash plant area.
