Dear Mr G Outridge,

Environmental Permitting – Recovery or Disposal Operation
Pre-application Reference: EPR/HB3602XQ/A001
Proposed Operator: Mick George Limited
Regulated facility: Bar Pastures Farm, Pode Hole Quarry
Site Address : Willow Hall Lane, Peterborough, PE6 0QN

As part of our pre-application discussions, you have submitted information to us that includes your assessment that the activity you wish to undertake at your site amounts to a recovery operation.

We have now fully considered your submission and we would like to advise you that:

We agree with your assessment that your activity is a recovery operation. This advice is based on the information you have provided in relation to waste types, amounts and nature of proposal including any proposed landform. If you change any of these between now and when you submit an application form, this advice may no longer apply. **Please also note that following submission of an application, additional assessment will take place (for example, further assessment of the proposed waste types based on the sensitivity of the site location) and therefore agreement that an operation is a recovery activity does not guarantee that a permit will be granted or a variation issued.**

For the sake of clarity, the following documents are considered to form the approved waste recovery plan;

- Waste Recovery Plan, ref: K64.9-09-001, issue: 2, Issue date: 25/07/19
- Drawing M15.137(a).D.003 revision B, date: Dec 2017 – Title: Block Phasing (Northerly Extraction)
- Drawing 1660-135, date: Feb 2017 Overall Restoration Plan
- Drawing Number PH_CS01, date: 22/07/2019, Title: Cross Section plan for the area of waste deposit under the waste recovery plan.
- RFI response 05/08/2019 Confirmation of waste placement methodology.

The following information is **not** considered to form part of the approved waste recovery plan;

- Waste acceptance procedures
