You don't often get email from s.cann@ecl.world. [Learn why this is important](#)

Good morning Bethany,

Apologies for the delayed in response. In relation to question:

Form C3 - Production/ Treatment Capacity

- Confirm if the change to the effluent treatment facility will increase the treatment capacity of the ETP and if so how much will it increase by in tonnes per day?. [Based on information provided by the Engineering Department, the volume is the same and it is only additional treatment that has changed.](#)

I trust than answers your queries, however, if there is anything further please do not hesitate to contact me.

Kind regards,

Sarah

Sarah Cann

Hi Bethany,

Please find to follow our response to your request for further information – I'm still awaiting confirmation in C3 but thought I'd send the majority over now. [Our response is in blue.](#)

Form C3 - Production/ Treatment Capacity

- Confirm if the change to the effluent treatment facility will increase the treatment capacity of the ETP and if so how much will it increase by in tonnes per day? [I am just awaiting confirmation on](#)

this.

Form C2 - Q5c - Non-Technical Summary (NTS)

- Provide updated NTS which describes the changes applied for in the variation.

The NTS is referenced in the application but has not been provided as an attachment. Apologies – this is now attached.

Form C3 - Q3 - Technical Standards and Infrastructure

- Provide further infrastructure details in regards to the new aspects of the Effluent Treatment Plant (EPT), including details regarding tank specification, secondary containment, and surfacing.

Details of the new tanks in regards to the ETP should include their volume and any bunds or other pollution prevention controls in place. Please see below for details of the tank capacities and specification.

Tank	Capacity	Bund + Specification
Holding Tank No 1	75m3	Compliant with CIRIA C736
Holding Tank No 2	75m3	
DAF 1	4m3	Drain directly to holding tanks
DAF 2	8m3	
Selector	10m3	Compliant with CIRIA C736
Aeration tank	620m3	

All potentially polluting liquids are appropriately bunded providing a minimum capacity of either 110% of the capacity of the largest storage vessel or 25% of the total capacity of all the storage vessels within the bund, whichever is greater – further detail is provided in Table 5 of the Environmental Risk Assessment and Section 5.8 and 9.5 of the Environmental Permitting Technical Requirements Document.

Form C3 - Q3c - Raw materials inventory/ water usage

- Confirm if the materials in Table 5 of the Environmental Permitting Technical Requirements Document have been added or increased in use/ storage as part of the proposed changes or if these are the same as existing on site? *These are the same as existing.*

Kind regards,

Sarah

Hi Clare

Yes, I can accept an extension to the 31/01/2025, however, please be advised should we not receive the information by this date we will have to return the application not duly made in line with our current processes.

Kind regards

Beth Wignall

You don't often get email from c.boles@ecl.world. [Learn why this is important](#)

Hi Bethany,

Thank you for your email.

I can confirm that my colleague Sarah Cann will be sending you the NTS on Monday 20th January.

Please could I request an extension in time to Friday 31st January 2025 in which to provide you with the rest of the information that has been requested. We have received notification that the member of staff who can provide the answers is on sick leave. We will, however, endeavour to respond back sooner than this if at all possible.

Kind regards,

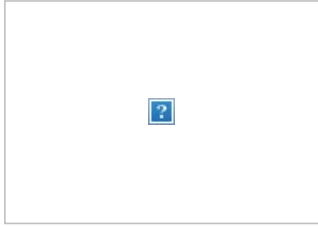

Clare

Subject: EPR/DP3631RA/V004 We Need More Information About Your Application CRM:0186129

Dear Clare Boles

Application reference: EPR/DP3631RA/V004
Applicant: DANISH CROWN UK LIMITED
Facility: Danish Crown Bugle EPR/DP3631RA, Ebenezer, Bugle, PL26 8RR

Thank you for your application received on 05/12/2024. Please call me to discuss these questions if you have any queries.

We need to ask you for some missing information before we can do any more work on your application. Please provide us with more information to the following questions:

Form C3 - Production/ Treatment Capacity

- Confirm if the change to the effluent treatment facility will increase the treatment capacity of the ETP and if so how much will it increase by in tonnes per day?

Form C2 - Q5c - Non-Technical Summary (NTS)

- Provide updated NTS which describes the changes applied for in the variation.

The NTS is referenced in the application but has not been provided as an attachment.

Form C3 - Q3 - Technical Standards and Infrastructure

- Provide further infrastructure details in regards to the new aspects of the Effluent Treatment Plant (EPT), including details regarding tank specification, secondary containment, and surfacing.

Details of the new tanks in regards to the ETP should include their volume and any bunds or other pollution prevention controls in place.

Form C3 - Q3c - Raw materials inventory/ water usage

- Confirm if the materials in Table 5 of the Environmental Permitting Technical Requirements Document have been added or increased in use/ storage as part of the proposed changes or if these are the same as existing on site?

Please reply directly to this email with your information and copy in Bethany.Wignall@environment-agency.gov.uk.

You must send us the information and or payment by **20/01/2025**.

If we do not receive this by this deadline we will return your application.

If we receive what is missing by the deadline, we will continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by email whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the application charge to cover our costs in reviewing your application. This maximum amount we'll retain is capped at £1,500. Further information on charging can be found at: <https://www.gov.uk/government/publications/environmental-permits-and-abstraction-licences-tables-of-charges>.

Note: Our email system has a file size limit of 25MB, if your returns exceed this limit you will have to arrange an online file transfer. Please ensure the file transfer link does not have a time limit on it.

If you have any questions please phone me on 07341796370 or email Bethany.Wignall@environment-agency.gov.uk.

Yours sincerely,
Bethany Wignall
