

About this consultation

PL32 9XW, Dairy Crest Limited: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Dairy Crest Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/BN6137IK/V011
- Regulated facility type: The following schedule activities are permitted to be undertaken at the site; Section 6.8 Part A(1)(e): Treating and processing milk, the quantity of milk received being more than 200 tonnes per day (average value on an annual basis), Section 6.8 Part A(1)(d)(i): Treating and processing materials intended for the production of food products from animal raw materials (other than milk) at a plant with a finished product production capacity of more than 75 tonnes per day, Section 5.4 Part A(1)(a)(i): Disposal of non-hazardous waste in a facility with a capacity exceeding 50 tonnes per day by biological treatment, Section 5.1 Part A(1)(b): The incineration of non-hazardous waste in a waste incineration plant or waste co-incineration plant with a capacity exceeding 3 tonnes per hour. The following activities are to be varied as a result of this variation: Section 6.8 Part A(1)(e) & Section 6.8 Part A(1)(d)(i).
- Regulated facility location: Davidstow Creamery, Camelford, Cornwall, PL32 9XW

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.
