

Waste permits: ask for pre-application advice

Q1. Will or does your activity take place in England?

Yes

Q2. What is your main activity?

Using, treating, storing or disposing of waste or mining waste

Q3. Do you only need a free habitats and conservation screening?

The screening will tell you if there are protected areas or species close to your site or proposed site. We recommend you ask for a screening before applying for a new site.

Yes - I want a free screening only

Q25. Please choose your site type below.

Biowaste, including composting, sludge treatment, anaerobic digestion and dredgings

Q30. Please select the screening you would like us to carry out.

Each screening is specific to the standard rules set described. If you cannot operate within the conditions of a standard rules permit you need to apply for a bespoke permit. In this case, choose 'Bespoke permit screening'.

Bespoke permit screening

Q32. If you have already received pre-application advice regarding this application, you do not need to give us your contact and site details again unless something has changed or you need further advice.

Do you only need a screening and want us to use your existing details?

No - I also need pre-application advice or I want to change my contact details

Q36. Do you have an existing Environment Agency permit or pre-application reference? It's usually in the format EPR/AB1234CD/A001.

I do not have a reference
