Hi Peter,

Apologies for the delay. In response to the Schedule 5 for Digital Realty Crawley Data Centre Campus - EPR/EP3022ST/A001, I have provided responses to Questions 2 and 4.

**Question 2**

Please see attached the site plan with the surface water and foul water exit points. In addition, the surface water/foul water drainage lines flow down Power Avenue before the exits. I have also marked the generators and associated diesel tanks.

**Question 4**

Please see attached a signed updated Part B3 form.

Kind regards,

Rachel
