We have extended the deadline from midnight on 24 June 2021 to midnight 16 July 2021. We will then review all the comments received before making a draft decision on whether we will issue an environmental permit variation.

If we decide that the application has provided sufficient information for us to determine that the facility will not cause harm to the environment or people's health, we will issue our draft decision for consultation. This will give you the opportunity to examine and make comments on our decision document and on the conditions we are minded to include in the draft permit. We will consider these comments before making our final decision. If we decide to refuse the permit variation, Britaniacrest Recycling Limited have the right to appeal this decision.
