**OPERATION OF A SUSPECTED ILLEGAL SITE
ENVIRONMENTAL PERMITTING (ENGLAND & WALES) REGULATIONS 2016**

Dear Sir/Madam,

Following an inspection of your site on 28 November 2019, we consider that you are operating a site in contravention of Regulation 12 & 38 of the above legislation, in that you do not have an Environmental Permit.

Operation of this site without an Environmental Permit is illegal and may lead to prosecution.

As you do not have an Environmental Permit for your site, you must:

- **STOP operating with immediate effect and remove all waste;**
- **AND, if you intend to conduct a waste related activity in the future, you must:**
 1. **apply for a relevant Environmental Permit or, if you meet the applicable criterion, register to operate an Exempt Facility for the activity; AND**
 2. **wait until it is granted before commencing the activity; AND**
 3. **operate in accordance with that permission.**

The grant of a permit is not automatic - for information on what you will need to do and whether it is likely that you can obtain an Environmental Permit or register to operate an Exempt Facility, you should contact the Environment Agency on;

Telephone: 03708 506 506 (Mon-Fri, 8am - 6pm)

Email: enquiries@environment-agency.gov.uk

Website: www.gov.uk/environment-agency

You may also wish to seek the advice of a suitably qualified consultant.

We will continue to monitor your site to check progress.
