

About this consultation

RM15 4YA, RECORRA LIMITED: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for RECORRA LIMITED. Please use the reference number below when making comments on this application.

- Permit Number: EPR/EB3135AD/V004
- Regulated facility type: The application is to vary the existing SR2008 No14 and SR2008 no23 into bespoke equivalents of themselves. The permit boundary will be increased and multiple EWC codes will be added to the permit. The WEEE ATF operation will reduce from 75,000 to 25,000 tonner per year. two standard rules sets, SR2008 no 14 and SR2008 no 23 to bespoke equivalents, adding some wastes including those from the S2 exemption and increasing the permit boundary. Risks from the operations should not be increasing significantly as the WEEE activity will be reducing annual through put 25,000 tonnes. But there will be multiple aspects to assess and check – management plans and ensure requirements are present for updating WEEE ATF (Authorised Treatment Facility) to a bespoke equivalent, and storage of new wastes.
- Regulated facility location: Juliette Way Materials Recycling & WEEE ATF, Juliette Way, Purfleet, RM15 4YA

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.
