You don't often get email from [REDACTED]. [Learn why this is important](#)

Good afternoon Joanne,

Please find below confirmation from CIWM that Jon Arkley's current 4TMH qualification is equivalent to HROC6.

Please also see attached purpose statement for MROC1 'Level 4 Medium Risk Operator Competence for Non-Hazardous Waste Treatment and Transfer', which states on Page 4 that the current qualifications applicable to this activity include HROC6.

Furthermore, the previous qualifications applicable to this activity are also listed as including 4TMH (old qualification equivalent to HROC6).

Please see CIWM website for list of qualifications: https://ciwmquals.co.uk/qualifications-search/?keyword_code=&level=&risk=&job=§or=38

Therefore, we conclude that Jon's 4TMH qualification and subsequent continued competence certificate are applicable to the waste activity the operator has applied for at Corbriggs Waste Processing Facility and no further qualifications are required to be provided for this application.

Kind regards,
Samantha

Samantha Hayden

Hi Jon,

I hope this finds you well.

I have investigated the qualification codes which you stated you had and translated them into the current qualification codes. I have also attached each purpose statement which relates to the new qualification codes and highlighted the old qualification code on the hierarchy list, this also shows the full qualification titles.

Old Qualification Code	New Qualification Code
4LH	HROC1a
4TMH	HROC6
4TSH	HROC4a

I hope this sheds some light on what your qualifications translate to and is enough information for EA.

IF you require anything else, please do not hesitate to contact us.

Kind Regards
 Rachel
