Subject: YW tankered trade import permits
Date: 22 August 2022 13:49:57
Attachments: [image001.jpg](#)

Hello all,

Following a conversation with Ammier, YW has reduced the imported waste tonnage from 1,000,000t to 500,000t/annum per site.

This figure has been applied for to future proof each site to avoid the need to vary.

Some of our biggest customers could potentially import 100,000-180,000m³/annum therefore we feel the 500,000t is the correct number to have on the permit.

Would you like us to re-submit the relevant application documents with this new figure?

Kind regards,
Adele
