Sheffield Cdl (Nearest climate station to Sheffield Cdl)

Climate period: 1981-2010

Month	Max. temp (°C)	Min. temp (°C)	Days of air frost (days)	Sunshine (hours)	Rainfall (mm)	Days of rainfall >= 1 mm (days)	Monthly mean wind speed at 10m (knots)
Jan	6.8	1.9	8.0	45.2	83.4	13.4	n/a
Feb	7.1	1.7	9.0	68.3	60.4	10.5	n/a
Mar	9.8	3.3	3.9	111.9	63.4	12.3	n/a
Apr	12.5	4.8	1.4	144.0	65.5	10.3	n/a
May	16.1	7.5	0.0	190.9	53.8	9.6	n/a
Jun	18.8	10.5	0.0	179.5	75.6	9.1	n/a
Jul	21.1	12.7	0.0	199.5	56.0	9.2	n/a
Aug	20.6	12.4	0.0	185.0	65.3	9.9	n/a
Sep	17.7	10.3	0.0	136.2	63.8	8.9	n/a
Oct	13.5	7.5	0.5	90.7	81.2	12.7	n/a
Nov	9.5	4.5	3.1	53.7	79.4	12.6	n/a
Dec	6.9	2.3	7.9	40.0	86.7	13.0	n/a
Annual	13.4	6.6	33.8	1444.9	834.6	131.6	n/a

Averages are available for official Met Office stations only.

All values are given to one decimal place. For 'Days of' elements, 0.1 equates to one day every ten years, 0.5 to one day every two years, 2.5 to five days every two years, and so on.

Please note that units of measurement shown may not reflect those chosen in customise settings e.g. Temperature is given in °C.

Sunshine and wind averages are not available for all stations.

The climate station map shows around 300 stations across the UK for which 1981-2010 averages are available. By clicking on one of the sites you will be taken to the table of available data.

Averages maps

These maps enable you to view maps of monthly, seasonal and annual averages for the UK or your selected region. The analyses are based on 1 km grid-point data sets which are derived from station data. UK maps are available for the averaging periods 1961-1990, 1971-2000 and 1981-2010. Regional maps are only available for the period 1971-2000.
