For the attention of Mr T Benson

Dear Sirs

Reference : EPR / BP 3494CT / V002 . Cheadle Skip Hire

With reference to the above site and the recent request from The Environment Agency regarding for data of the noise measurements to be supplied in Excel form.

We would like to emphasise that releasing data in this format leaves it open to possible manipulation which is not the case with the way the data was presented in the original report.

It is highly unusual to request data in this form and we stress that we reluctantly enclose it.

The number 1 indicates a specific event a 0 indicates no specified event.
