**Subject:** We need more information about your application and/or Underpayment of application charge EPR/BP3494CT/V002  
**Attachments:** Noise Assessment & Control guidance.pdf

Dear Mr Tom Benson,

**We need more information about your application and Underpayment of application charge**

**Application reference: EPR/BP3494CT/V002**  
**Operator: Derek Bradshaw & Lucy Bradshaw**  
**Facility: Cheadle Skip Hire**

Thank you for your application received on 30/08/2018.

Unfortunately the application payment you sent is incorrect. There is an additional charge for assessing the Noise Management Plan which is not included in the variation fee - this is £1246 (see charging guidance 1.19.7) – note this also covers the assessment of the Noise Impact assessment.

I need to ask you for some missing information before I can do any more work on your application. Please provide us with the following information –

- 1) The Noise Management Plan included in your EMS lacks detail and needs to be revised

Please see attached document which includes guidance on noise management and noise management plans

- 2) With regards to the Noise Impact Assessment we will also need the additional information below before duly-making the application:
  - The noise monitoring survey report for all the monitoring that was carried out.
  - Grid references for all sources and receptors.
  - Details/rationale for why acoustic penalties have not been applied.

Please send the information, quoting the above application reference, to:

Email address: [psc@environment-agency.gov.uk](mailto:psc@environment-agency.gov.uk).

Postal address:  
Permitting and Support Centre  
Quadrant 2  
99 Parkway Avenue  
Sheffield  
S9 4WF

Please send the information and payment by 21/12/2018. Details of how to pay are given in Part F of the application form. If we don't hear from you, we must return your application.

When we receive the requested information and payment, we'll continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by letter whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the application charge to cover our costs in reviewing your application and requesting information. This maximum amount we'll retain is capped at £1,500. Further information on charging can be found at: <https://www.gov.uk/government/publications/environmental-permitting-ep-charges-scheme>

If you have any questions please phone Kevin McBride on 020 3025 4452 or email [kevin.mcbride@environment-agency.gov.uk](mailto:kevin.mcbride@environment-agency.gov.uk).

Yours sincerely

*Harace Hussain*

**Simple, fair, effective charges.**

Our regulatory charges have changed. On 1 April 2018 we introduced our new charging schemes. Find out how you may be affected.
