Ref 1620016489

The Installation site comprises a gantry structure housing back-up generators for the datacentre building (referred to as the Lon3 Datacentre). This application is submitted to cover the installation of 17 generators at the Installation site to provide electricity to the datacentre in the event of an interruption to the national grid supply power failure.

The application has been prepared in accordance with relevant Environment Agency guidance and comprises the following elements: ·

- Application Forms (A, B2, B3 and F1); ·
- Operations Report; and
- Site Condition Report.

It is estimated that an application fee of £19,882 will be required to support the application. The payment will be made by Ramboll on behalf of the operator via credit card. Please contact Jennie Arrocha (email: jarrocha@ramboll.com or DD: 07841277884) for the payment.
