---

You don't often get email from [stephen.boddy@thameswater.co.uk](mailto:stephen.boddy@thameswater.co.uk). [Learn why this is important](#)

Dear Emily,

Please find attached our response (C.241104) to the Iver South Permit Application RFI questions received on the 8<sup>th</sup> October 2024.

Please also find attached the following document referenced in our main reply:

- Iver South Dewatering Centre, Odour Management Plan: 'TW\_STC\_EPR\_06a\_IVS\_APPE1-2.pdf'

For your information you should also have received a link to download the H1 Model for Iver South sent earlier today by Mark McAree (Jacobs)

Grateful if you could acknowledge receipt.

Kind Regards

Steve

---

Dear Mark McAree

## **Environmental Permitting (England and Wales) Regulations 2016**

**Application reference: EPR/DP3291SW/V003**

**Operator: THAMES WATER UTILITIES LIMITED**

**Facility: Iver South Sewage Treatment Works, Lakeside Road, Colnbrook, SL3 0ED**

Thank you for your application received on 01/08/2022. The following is to confirm our conversation of 08/10/24.

We need to ask you for some missing information before we can do any more work on your application. Please could you address the following points:

- Please provide a H1 assessment to assess the fate and impact of the substances emitted to water (via sewer) following the Environment Agency's [risk assessment guidance](#) and our guidance [Surface water pollution risk assessment for your environmental permit - GOV.UK \(www.gov.uk\)](#). Please ensure that this assessment is representative of your controlled emission.
- In order to Duly Make the application I will need confirmation that Thames will be signing up to the Biological Treatment AM as we discussed, if they can't comply with certain sections please list these and what alternative measures they are proposing.
- Please provide a Pest Management Plan to explain how you will prevent or minimise pests. The Environment Agency can send you a template pest management plan to help you include all the correct information. Email [odourteam@environment-agency.gov.uk](mailto:odourteam@environment-agency.gov.uk). Please provide the additional fee to assess the Pest Management Plan - £1241.
- Due to the site receiving additional sludge for just storage this will be classed as a substantial variation to another activity 1.16.12 Physical Treatment of non-hazardous waste £7,137. You have already paid for a habitats assessment (£779), this is not needed as the type of sites and species can be covered in the risk assessment so the final balance left for you to pay (including the pest management fee) is £7,599.
- Please provide an updated OMP – the one provided is dated 2015.

Please reply directly to this email with your information and copy in [emily.ball@environment-agency.gov.uk](mailto:emily.ball@environment-agency.gov.uk).

You must send us the information and payment within 10 working days of this letter.

Details of how to pay are given in Part F of the application form.

If we do not receive this within 10 working days we will return your application.

If we receive what is missing by the deadline, we will continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by email whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the application charge to cover our costs in reviewing your application. This maximum amount we'll retain is capped at £1,500. Further information on charging can be found at: <https://www.gov.uk/government/publications/environmental-permits-and-abstraction-licences-tables-of-charges>

Note: Our email system has a file size limit of 25MB, if your returns exceed this limit you will have to arrange an online file transfer. Please ensure the file transfer link does not have a time limit on it.

If you have any questions please phone me on 02030252688 or email [emily.ball@environment-agency.gov.uk](mailto:emily.ball@environment-agency.gov.uk).

Yours sincerely,  
Emily Ball
