Reference: Element Six Technologies Ltd (E6) Environmental Permit
Application

Dear Sir / Madam,

This letter is related to the E6 permit application for HF emissions at our
site located at Kings Ride Park, Ascot, Berkshire, SL5 8BP, UK.

Based on the UK guidance for relevant convictions for waste and
installations environmental permits (updated 22 March 2019) and similar
Scottish and Northern Irish legislation, I can confirm that no director of E6
has any unspent conviction.

Yours faithfully,

Yvonne Shave
Company Secretary
