Hi Nicola,

I hope you had a good Easter. We have now uploaded the following additional documents to this application, and I'd be very grateful if you could upload them to the system:

- ETL724_AQIA_V1.0_THRM_Mar24
- AQIA Model Files folder
- Replacement file for the bioaerosol risk assessment: 7547r3 – Bioaerosol risk assessment – Three Maids Farm Winchester

Thank you for your help on this.

Kind Regards,

Anna

No problem, if you want to make it for my attention, I can add them on & confirm when this is done.

Kind regards

Nicola

Hi Nicola,

It will probably be Wednesday that we pop this in. Thank you!

Kind Regards,

Anna

Hi Anna,

Thanks for picking this up.

Yes, if you could please email any other documents over (I have the x 24) then I can attach them to the application email which is in the work queue.

I am on our PSC inbox until 4pm so will pick them up.

Kind regards

Nicola

Hi Nicola,

I hope all is well with you, Im just picking this one up on Emily's behalf as she is in a meeting. I can confirm they are the same site and application . We have completed the H1 for this application but have proceeded straight into the AQIA which will follow later this week. Can we email this over to you to add to the other documents on the work queue? I'd like not to hold up the overall application which is complete with the H1 but needs that AQIA for assessment when it gets picked up.

Kind Regards,

Anna

Hi Emily,

Thank you for your two application emails.

I cannot get the link to work on this one however I accessed the x 24 documents on the previous email as they both look to be the same site/application?

I get the message "This link is only available to internal users" on the link below however if we have all the required documents from the previous email then this one will not be required.

I just wanted to check we had all the required information before I put this in our work queue to be logged.

Kind regards

Nicola Waller

Dear PSC

Please find a link below to a shared folder (to which I have invited PSC@environment-agency.gov.uk) containing a completed new bespoke installation permit application for an anaerobic digestion (AD) plant namely, Three Maids AD Plant, Three Maids Farm, Three Maids Hill, Winchester, SO21 2QG to be operated by Acorn Bioenergy Limited.

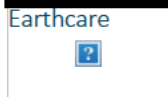

https://etlprojectscom.sharepoint.com/:f:/s/EarthcareTechnicalLtd-Projects/Ejtp9AnuAnBHn_w_6lCwFYlBeAs0FTd3fe5U3bJ3i5Baw?e=6FZmfV

As per Part F1 of the permit application form, the permit variation application fee of £16,009.00 will be paid by BACS under reference number PSCAPPACORN001. The payment will be made early next week (week beginning 11th March 2024).

Any issues or queries, please let me know.

Best Regards

Emily Shann Pitts, Earthcare Technical Ltd
