

Area

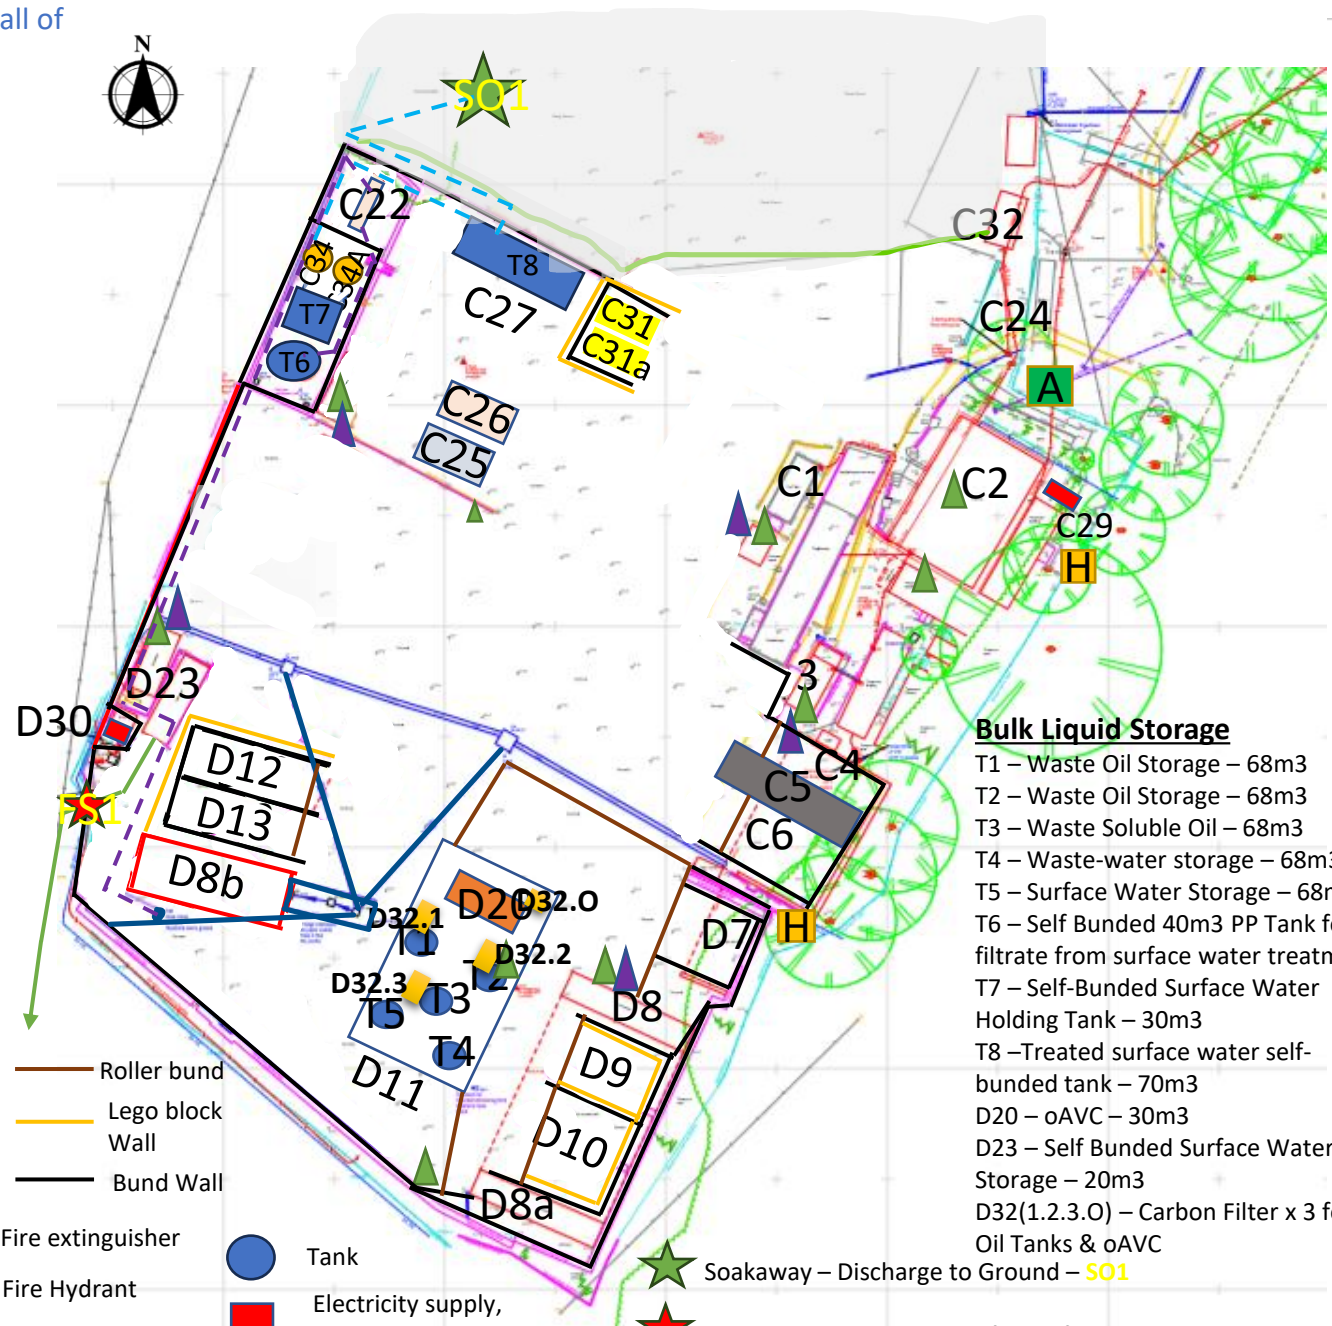

- C1- Fuel Tank – 12m3 self bunded diesel
- C2- Site offices
- C3- Weighbridge office & LTP laboratory
- C4 – Bunded Reception area for packaged wastes and sampling of tankers
- C5 – Above ground weighbridge
- C6 – Bunded Packaged Oil Water / Antifreeze storage area – 48m3
- C22 – Filterpress for surface water in bund
- C24 – Site entrance and barrier
- C25 – General Waste Skip – 30.8m3
- C26 – Non-Hazardous Wood Skip – 30.8m3
- C27 – Quarantine Area
- C29 – Office Electrical Kiosk
- C31 – Lithium Metal Battery Storage – Bunded Metal Cabinet
- C31A – Lithium-Ion Battery Storage – Bunded Metal Cabinet
- C32 – Maintenance store – 20ft
- C34 – Carbon Filter Silo – 2m3
- C34A – Carbon Filter Silo – 2m3
- D7 – Packaged Oil / Oil & Water / Oil Filter – 48m3
- D8/8a/8b – Oily Rags storage area – Vented shipping Container – 24m3 storage per container
- D9 – Contaminated absorbents –50m3 Storage or repacking
- D10 – Empty Container Storage
- D11 – Tank Farm Storage Bund 10m x 16m
- D12 – Packaged Oil Contaminated Material Storage – 48m3
- D13 – Packaged Oil Contaminated Material Storage – 48m3
- D30 – Electrical Kiosk

- Main yard drainage channel
- Underground drainage
- Above ground surface water pipework
- 3" Effluent pipeline to foul sewer (Timsbury Playing Fields)

- Fire extinguisher
- Fire Hydrant
- Spill Kit
- Carbon Filter

- Tank
- Electricity supply, 3 phase 100amp
- Fire Assembly Point

Direction of Fall of yard

Bulk Liquid Storage

- T1 – Waste Oil Storage – 68m3
- T2 – Waste Oil Storage – 68m3
- T3 – Waste Soluble Oil – 68m3
- T4 – Waste-water storage – 68m3
- T5 – Surface Water Storage – 68m3
- T6 – Self Bunded 40m3 PP Tank for filtrate from surface water treatment
- T7 – Self-Bunded Surface Water Holding Tank – 30m3
- T8 –Treated surface water self-bunded tank – 70m3
- D20 – oAVC – 30m3
- D23 – Self Bunded Surface Water Storage – 20m3
- D32(1.2.3.O) – Carbon Filter x 3 for Oil Tanks & oAVC
