

- KEY**
- Downward Mister (360° Coverage)
 - Sprinkler on a pivot - covers a certain area
 - Wind Netting 8.0 m high
 - Hosing and plant wash point
- Note:**
- During dry periods, hosing will also be used manually to precisely suppress high dust potential sources e.g. hardcore and feedstock stockpiles.
 - Downward misting system consists of 7 rows of circa 10 misters within the main building. External yard subject to a weekly deep clean involving jet wash spray, manual brushing and road sweeper.
