

About this consultation

SY2 5TL, Severn Trent Water Limited: environmental permit consultation

The aim of this consultation is to ask whether you have any comments relevant to the permit application

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Severn Trent Water Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/RP3799CW/C004
- Regulated facility type: This substantial variation is to add the following Schedule 1 listed activity under the Environmental Permitting (England and Wales) Regulations 2016:
S5.4 A(1)(b)(i) Recovery or a mix of recovery and disposal of non-hazardous waste with a capacity exceeding 75 tonnes per day (or 100 tonnes per day if the only waste treatment activity is anaerobic digestion) involving biological treatment.
The activity involves the biological treatment of sludge by anaerobic digestion. The facility is currently permitted as a non-hazardous waste chemical and physical treatment site. Biogas combustion previously operated under permit AP3937QK shall be consolidated (absorbed) into permit RP3799CW, so will become directly associated activities to the S5.4 A(1)(b)(i) activity as part of the variation. The application also includes a variation of the existing Waste operations (import of tankered waste to the head of works and the wet well MOOs skip operation).
- Regulated facility location: Monkmoor S T W, Monkmoor Road, Shrewsbury, SY2 5TL

Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed

activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact PSCpublicresponse@environment-agency.gov.uk

How we will use your information

We will look to make comments received publicly available at our Environment Agency public register.

All comments which are made publicly available will exclude email addresses and telephone numbers. Any comments where confidentiality has been claimed will not appear on the public register.

In accordance with the Freedom of Information Act 2000, we may be required to publish your response to this consultation, but will not include any personal information. If you have requested your response to be kept confidential, we may still be required to provide a summary of it.

Consultation Principles

We are running this consultation in accordance with the criteria set out in the government's [Consultation Principles](#).

If you have any queries or complaints about the way this consultation has been carried out, please email: PSCpublicresponse@environment-agency.gov.uk
