Subject: Inquiry on permit EPR/HP3228XT/V004: NNB Generation Company (HPC) Limited

I want a chance to make representations at a fully public Inquiry. The terms of the Inquiry should be wide, to allow scrapping of the licence to be fully considered, because any feasible fish diversion measures could not meet the Habitats Regs.

The grounds for scrapping are the new international status of the area as a Marine Protection Area and the killing of European Protected Species (EPS) sucked in with the abstracted water.

Regards

Charles Croydon
