Dear Sirs,

I wish to make representations at a Full Public Inquiry able to examine in the widest terms, cancellation of the Licence, as fish diversion measures fail to meet Habitats Regulation.

Neither do they fulfil the requirements of Marine Protection Areas, and the killing of European Protected Species (EPS) contained within abstracted water.

Under the Conservation of Habitats and Species Law, this killing is forbidden and there are well proven alternatives which in Law, MUST be used.

These include both Air and Evaporative Cooling, and others.

Yours faithfully,  
Peter Robinson.
