

Overview

TA5 1UD, NNB Generation Company (HPC) Limited: environmental permit consultation

We are seeking your comments on an environmental permit application received from NNB Generation Company (HPC) Limited for

Hinkley Point C Power Station
Hinkley Point
Near Bridgwater
Somerset
TA5 1UD

We can take account of

- Relevant environmental regulatory requirements and technical standards.
- Information on local population and sensitive sites.
- Additional information, relating to the application, that comes to light or that we may not be initially aware of, such as information relating to monitoring and pollution control techniques.
- The legally defined process we follow to determine a permit.

We cannot take account of

- Issues beyond those in the relevant environmental regulations.
- Whether a site should have a formal designation under Habitats Directive or other conservation legislation.
- Whether the activity should be allowed or not as a matter of principle.
- Land use issues when determining a permit application, even if changing the location of the activity would improve its environmental performance.
- The impact of noise and odour from traffic on site or travelling to and from the site.
- Anything outside the remit of the Environmental Permitting Regulations (EPR), e.g. the proposed location of the site, which is done via land use planning and in this case via the Planning Inspectorate's Development Consent Order (DCO) process.
- The granting of a permit/variation if the operator is able to demonstrate that they can carry out the activity without significant risk to the environment or human health.

Some of our newspaper and magazine consultation adverts were not published as expected. We have published them again and extended the consultation closing date to Thursday 2 March 2023, to ensure that everyone has the same opportunity to make comments.

TA5 1UD, NNB Generation Company (HPC) Limited: ymgynghoriad hawlen amgylcheddol

Rydym yn ceisio eich sylwadau ar gais am hawlen amgylcheddol a dderbyniwyd gan NNB Generation Company (HPC) Limited ar gyfer

Gorsaf Pŵer Hinkley Point C
Hinkley Point
Ger Bridgwater
Gwlad yr Haf
TA5 1UD

Gallwn ystyried

- Gofynion rheoleiddio amgylcheddol a safonau technegol perthnasol.
- Gwybodaeth ar boblogaeth leol a safleoedd sensitif.
- Caniatáu amodau trwy ddarparu gwybodaeth nad ydym wedi cael gwybod amdani yn y cais, neu trwy gywiro gwybodaeth anghywir yn y cais (e.e. monitro a thechnegau i reoli llygredd).
- Y broses wedi'i diffinio'n gyfreithiol yr ydym yn ei dilyn i bennu hawlen.

Ni allwn ystyried

- Materion y tu hwnt i'r rheoliadau amgylcheddol perthnasol hynny.
- A ddylai fod gan safle ddynodiad ffurfiol o dan Gyfarwyddeb Cynefinoedd neu ddeddfwriaeth gadwraeth arall.
- A ddylid caniatáu'r gweithgaredd ai peidio fel mater o egwyddor.
- Materion defnydd tir wrth bennu cais am hawlen, hyd yn oed pe bai newid lleoliad y gweithgaredd yn gwella'i berfformiad amgylcheddol.
- Effaith sŵn ac arogl wrth draffig ar y safle neu'n teithio yn ôl ac ymlaen o'r safle.
- Unrhyw beth y tu hwnt i gylch gwaith Rheoliadau Caniatáu Amgylcheddol (EPR), e.e. lleoliad arfaethedig y safle, a wneir trwy gynllunio defnydd tir ac yn yr achos hwn trwy broses Gorchymyn Caniatâd Datblygu'r Gyfarwyddiaeth.
- Caniatáu hawlen/amrywiad os yw'r gweithredwr yn gallu dangos ei fod yn gallu ymgymryd â'r gweithgaredd heb risg sylweddol i'r amgylchedd neu iechyd dynol.

Ni chafodd rhai o'n hysbysebion ynghylch yr ymgynghoriad mewn papurau newydd a chylchgronau eu cyhoeddi yn ôl y disgwyl. Rydym wedi eu cyhoeddi eto ac wedi ymestyn dyddiad cau'r ymgynghoriad i ddydd Iau 2 Mawrth 2023, i sicrhau bod pawb yn cael yr un cyfle i gyflwyno sylwadau.
