

1.0 MANAGEMENT SYSTEMS SUMMARY

Site Name	Newquay HWRC
Activity	Household Waste Recycling Centre
Environmental Permit Reference	EPR/XP3027LG
Location	Stret Percival, Newquay, Cornwall, TR8 4NY
National Grid Reference (NGR)	SW 83290 60607

A summary of the complete management system for the site is detailed within Tables 1 to 4 below. This includes site specific procedures (Tables 1 and 2) and site infrastructure plans and drawings (Table 3). The management systems review history is contained within Table 4.

These site-specific documents are accompanied by SUEZ's overarching Integrated Management System (IMS) comprising quality, environmental and health and safety requirements which are certified to ISO 14001, ISO 9001 and ISO 45001 standards. It should be noted that SUEZ IMS system is a live system and is continually updated. The full SUEZ IMS covers all SUEZ activities, therefore not all sections of the IMS are applicable to a particular site type. References to relevant sections are made within the site-specific documents.

Together, the site-specific documents and IMS describe how SUEZ Recycling & Recovery UK Ltd as the permitted operator will minimise the risk of pollution from the activities at Newquay HWRC (the site) which is operated under Environmental Permit (the permit) EPR/XP3027LG.

The site operations have been certified to ISO14001, ISO 9001 and ISO 45001.

TABLE 1 – STANDARD SITE SPECIFIC MANAGEMENT SYSTEMS

Ref	Title	Version	Revision Date
1.0	Management System Summary	1.0	December 2025
1.1	Site Infrastructure Plan(s)	See Table 3	
1.2	Operations and Emissions Management Plan	1.0	December 2025
