Attachments: Form to request a derogation away from the BAT-AELs_May19.docx

Hi Craig,

Apologies for the delayed response, catching up!

Thank you for the formal derogation request, I can confirm that this has been received.

Initial feedback from this submission is we need you to confirm whether you wish to apply for a time-limited or indefinite derogation, additionally the DAPR group would probably look more favourably on this as a technical with geographical secondary rather than the other way around.

Following these clarifications, the next steps would for you to begin to complete the derogation assessment for submission to the DAPR group. I've attached a 'form' which will provide guidance on the points which need to be addressed.

There is also further information in sections 4.37 – 4.47 of the [Defra Core Level Guidance on IED](#).

Thank You & Kind Regards,

Rachel Hopkin BSc Hons Chemistry

Rachel,

Please can you respond to the availability question below and the additional question I have raised in this email?

I wonder if even in the absence of the new draft permit, you could reply and provide confirmation of the most critical points to allow Huntsman to proceed with the derogation/other aspects. For me this would be:

- Has the derogation justification been accepted?
- What are the timelines for the derogation approval?

- Further details/answers to the discharge to Tees modelling and/or access to the person who leads on this as I have a number of questions regarding the possible EA model available end of May.

Hi Craig,

I'm afraid I don't have any capacity tomorrow.

I could do any day the week ending the 10th June (with the exception of Monday the 6th June), my only other meetings are:

- 11:15 – 12:15 Wednesday 8th June
- 14:00 – 14:45 Thursday 9th June

Thank You & Kind Regards,

Hi Rach,

I have leave over the beginning of June what other dates can you offer or is there a session we could still do tomorrow just to cover the known content for example?

Hi Craig,

I'm afraid I've not managed to get the permit complete in time for this meeting, and I am on leave for most of the next couple of weeks.

Could we possibly move this meeting to some time on the 1st June?

Thank You & Kind Regards,
