Dear Sir/Madam,

Please find attached an application to vary Venator Materials Greatham Works Permit EPR/TP3532PK. We have gone through the enhanced pre-application process, your ref EPR/TP3532PK/V010, and received a response dated 31st March 2019.

I have provisionally completed the cost section of Form F1 but the type of variation, normal or substantial, will need confirmation from yourselves. Once this is confirmed, I will raise a purchase order for the application fee.

I've split the application into two e-mails because the total size of the documents exceeds our internal size limit for e-mails. This e-mail contains all application documents except Form C2 and associated files.

If you have any questions or need further information, please contact me either by e-mail or telephone.

Best Regards
Brian
