

# Non-Technical Summary

233305/NTS

## 1.0 OVERVIEW

- 1.1 This permit application is for the variation of the Standard Rules operations (EPR/FP3522SD) at Collett Way, Southall, UB2 4SE (Site Grid Reference TQ 135817 9887). The operator is Wards of London Properties Limited.
- 1.2 The variation is to change the Permit from Standard Rules 2015 No10, to a bespoke materials recycling facility permit. The variation from the Standard Rules is the proposed tonnage of 150,000 tonnes per annum (tpa).
- 1.3 The Environmental Management System (EMS) has been updated to reflect the proposed permit amendment. This includes amendments to the Operating Procedure, Fire Prevention Plan and Dust and Emissions Management Plan, which have been submitted as part of this variation application.
- 1.4 There are no other changes to the operations. The waste operations, waste types accepted and permitted site boundaries remain the same; there is no increase to the dust or fire risk at the site.
