Dear Julie

Thank you for your email. I note that your email request differs from what we discussed on the phone.

Please find attached an updated Management Summary.

The Fire Prevention Plan confirms that the FPP guidance that is being followed. For clarity it is the updated 9 January 2020.

The waste code list that you have provided me, is the same list set out in the Operational Procedures. I do not understand what the contradictions are. For ease, the attached spreadsheet (which you provided me) is the same as we have submitted.

Kind regards

Alison

Subject: Application Bespoke, J.Simpson Waste Management Ltd - email:00221000015

Dear Alison,

Application Reference: EPR/WE0239AB/A001

Operator: J Simpson Waste Management LTD

Facility: J Simpson Waste Management LTD

Thank you for your application received on 02.10.2020 and for your time to discuss this on 30.11.2020

We are currently following a different process to notify you that your application is missing information. This means that you will not receive any additional notice from the Permitting

Support Centre and this e-mail is your formal notification. When you respond with your missing information can you please ensure that you copy both myself and

psc@environment-agency.gov.uk into your response. You may wish to do this by using the 'reply all' option at the top of this e-mail.

I need to ask you for some missing information before I can do any more work on your application. Please provide us with more information to the following questions:

Management System Summary. Please provide the sections to be included in the Environment Management System Plan that addresses all the appropriate risks identified in the risk assessment. The summary should contain a brief description of what each section covers.

Technical Guidance. Please provide details of the guidance document used in the setting of the Fire Prevention Plan standards for the facility.

Waste Code list. We have based our assessment on the excel spread sheet waste code list included in your application, as attached in email to follow separately. We have identified contradictions in the waste code lists in your application. Please confirm that the attached list of waste codes that you have submitted is correct for this application. (NB List of waste codes copy will follow in a separate email).

For information:

Based on the information provided in the attached waste code list and your application, we can confirm that the Odour Management Plan, Dust Management Plan and Noise Impact assessment are sufficient for duly making. As discussed this morning, further information may be required to be submitted during determination.

Following our telephone discussion this morning, you have now submitted the relevant TCM for your application.

Abatement request. We noticed that in your communication with the Permitting and Support Team you had commented that you would be considering the request for abatement of fees with this application. Please confirm if you wish to request abatement of fees and giving reasons for this for our consideration. Please address your request in email to my Team Leader Dominiqua Drakeford –Allen and they will give your request consideration.

Please send the information, quoting the above application reference, to both:

Julie Green at email julie.green@environment-agency.gov.uk and

Email address: psc@environment-agency.gov.uk

Postal address:

Please send the information within 10 working days of this letter.

If we do not receive the information within 10 working days we will return your application.

If we do receive the requested within 10 working days, we'll continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by letter whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If you have any questions please phone Julie Green on **020 847 45466** or email julie.green@environment-agency.gov.uk.

Yours sincerely

Julie
