Ruth,

As requested, please find attached.

We trust that this is acceptable to you, and you now have sufficient information to enable the EP application to be Duly Made.

Please advise if you have any questions or require any additional information.

Regards,

James

Hi James,

Further to my email below, I understand you were going to submit information considering whether reduced efflux velocity of the revised design could impact the dispersion model and hence predicted likely impacts from the original report. (If this is found to be the case, then revised modelling may be required).

Please can you supply this information by 6<sup>th</sup> October so I can include it when assessing the application for duly making.

Kind regards

Ruth

Hi James,

Having spoken to one of your colleagues, I understand that you are the new contact for the above site, as James Stanger has left the company.

I wanted to let you know that I have been allocated the site, and will be going through the duly making checks on the application this week. I may need to contact you for further information.

Meanwhile, should you have any queries on the above, please do contact me.

Kind regards

Ruth
