NOTES

Assumed location sewer manhole
× 13.750m
Pollution containment valve
Controlled discharge from lagoon to sewer, via valve and meter (to be confirmed)
N
Level of retained fire fighting water, 533m³
Pumps to hydrants
Oil/petrol retention tank
Site boundary
Phase 2
Electric sub station
Site boundary
Phase 1 & 2 boundary
Gravity feed to lagoon
Site boundary
Primary settlement tank
Car park drainage flows to primary settlement tank
Offices
Possible connection to sewer for office foul water
Potential potable water for offices
Existing hydrant (inferred from service plans)
Site boundary
Overhead power lines
Phase 1
Water main
33kv Electric cable
Flow direction (presumed)
Combined sewer
Possible sewer manhole
Screener
Shredder
355mm Brine pipe line
