Dear Mr Green

Award of COTC

May I take this opportunity to congratulate you on gaining your Certificate of Technical Competence which is enclosed. This is the culmination of much hard work on your part and you should feel justifiably proud. You have demonstrated that level of competence in meeting the national standard that comes from experience and understanding of all aspects of the job. In so doing you have also shown the ability to meet the environmental control requirements implicit in recent European and British waste management legislation.

As part of a process of continuous improvement I would be grateful if you would spend a few minutes and complete the attached response sheet. Your comments will be used in confidence to refine the existing WAMITAB framework to ensure it continues to deliver vocational qualifications in a cost-effective way. Thank you for your co-operation in completing the pro-forma.

We hope the COTC will provide the basis for the on-going development of your waste management skills.

Yours sincerely

Lawrence Strong
Director General
