Dear Sir/Madam

**Environmental Permit Substantial Variation Application: Welbeck Soil Treatment Facility**  
**Environment Agency Application Ref: EA/EPR/WP3330BZ/V012**

On behalf of our client, Welbeck Waste Management Limited, please find attached the Substantial Variation Permit application for the proposed Welbeck Soils Treatment Facility.

It has been agreed with the EA that a payment which was made via BACS payment on 3rd April 2020 for £31,545 under remittance number: PSCAPP3982FCCN can be allocated to this application. Due to the update in the Environmental Permitting Charges Guidance (August 2020), the fees for this permit variation has been reduced where a hazardous waste operation with associated storage of hazardous waste, the application for that hazardous waste storage is now 10% of the relevant charge. Therefore the fees for Welbeck Soil Treatment facility is now calculated at a total of £19,378. The EA have also agreed (see Supporting Document for EA correspondence) will refund the difference to the client of £12,167.

I trust the application is in order but please contact me if you need any further information or have any queries regarding this.

Yours Sincerely

Kellie-Marie Pacifico Burston
