

## About this consultation

### WS9 8BL, Booth Ventures Waste (Midlands) Limited: environmental permit consultation

**The aim of this consultation is to ask whether you have any comments relevant to the permit application**

We want to make the best decision when permitting. Listening to the views of others helps us to take account of concerns, or local environmental factors, that we may not be otherwise aware of.

We are seeking comments on the application for Booth Ventures Waste (Midlands) Limited. Please use the reference number below when making comments on this application.

- Permit Number: EPR/LB3107UP/A001
- Regulated facility type: This application is a new bespoke deposit for recovery permit application. Booth Ventures Waste (Midlands) Limited proposes to construct an access road from a new site entrance on Stubbers Green Road down to the base of the Sandown Quarry to facilitate the subsequent restoration of the quarry. A total of 35,000 m<sup>3</sup> of inert waste is proposed to be used for the construction of the access road, which will be gradually covered over as the quarry is restored to surrounding ground levels.
- Regulated facility location: Sandown Quarry Access Road, Stubbers Green Road, Aldridge WS9 8BL

#### Non-Technical Summary

Refer to the non-technical summary which explains this application, in non-technical language.

This should include a summary of the regulated facility, the key technical standards and control measures arising from the risk assessment.

#### What the response will be used for

We will take your consultation responses into consideration as part of our determination of the permit. If we decide to grant the permit we will explain how we made our decision and how we have addressed the concerns that were raised.

We will only issue a permit if we believe that harm to the environment, people and wildlife will be minimised and that the operator has the ability to meet the conditions of the permit. Providing a business can prove that the proposed activities meets all the legal requirements, including environmental, technological and health requirements, then we are legally obliged to issue a permit, even if some people do not approve of the decision.

#### How to Respond

If you would like to comment online, please use the online consultation tool in Citizen Space.

If you'd prefer to submit your response by email, contact [PSCpublicresponse@environment-agency.gov.uk](mailto:PSCpublicresponse@environment-agency.gov.uk)
