**To:** [White, Nicola](#)  
**Subject:** EPR-BX1942IX-V004 Milegate Extension Landfill Site - We need more information about your application  
**Date:** 16 July 2024 10:59:00

---

Nicola,

Thank you for the additional information submitted by email on 09/07/2024.

Please note that there is no additional charge to pay for the MCP engines as this is already covered by the substantial variation charge. However, we do require additional information as follows before your application can be duly made:

**1. Thermal Input**

There is a discrepancy between the thermal input values quoted in the plant list spreadsheet and the Table GRA6: Modelled Flare and Engine Characteristics (pg 13, Landfill Gas Risk Assessment.) Please can you clarify the correct values.

**2. Habitats**

An additional SPA (Greater Wash) was found to be within the 10km screening distance, and therefore any potential impacts need to be assessed for this site. Please update the relevant documents, paying particular attention to the Landfill Gas Management and Monitoring Plan, ref 20148978.641/A.0. Guidance can be found here: [Air emissions risk assessment for your environmental permit - GOV.UK \(www.gov.uk\)](#)

Please respond by 23 July 2024.

Kind regards

Tamara
