

Site Drainage Plan Highfield Farm – Pockmor Ltd

	Underground slurry store		Underground drainage to slurry store (wash water and muck run off)		Drains for roof run off and clean yard run off
	Underground pipes to soakaway		Pig Buildings 1 and 2		
	HV Fans and open ridge		D1 Grassed soakaway		

Concrete in shed drains to the west so wash water and slurry all flows to that end. All gutter water drains to the east into clean water drains.
