---

Dear Elaine

**Environmental Permitting (England and Wales) Regulations 2016**

**Application reference: EPR/UP3037FQ/V005**

**Operator: J A FRY LIMITED**

**Facility: Manor Farm EPR/UP3037FQ, Burnbutts Lane, Driffield, YO25 9JS**

Thank you for your application received on 12/05/2025.

We need to ask you for some missing information before we can do any more work on your application. Please provide us with the following:

1. Please add the emissions from the fuel tank and standby generator to the 'Table of emissions' in the Technical Standards document.
2. Please confirm the following details for the standby generator:
  - Thermal input capacity of the standby generator in MWth.
  - Number of hours per annum the standby generator is operated for testing purposes.
  - Confirm the standby generator is only used for emergency power supply use, where mains power has gone down, for less than 500 hours per annum.

*Note: In accordance with guidance [Emergency backup diesel engines on installations: best available techniques \(BAT\) - GOV.UK \(www.gov.uk\)](#), you must test the standby generator for less than 50 hours a year. In the Intensive Farming sector, operators generally test for 1 hour per week which we can accept.*

Please reply directly to this email with your information and copy me in.

You must send us the information by **13/06/25**.

If we do not receive this by this deadline we will return your application.

If we receive what is missing by the deadline, we will continue to check your application. We'll check to see if there's enough information for the application to be 'duly made'. Duly made means that we have all the information we need to begin determination. Determination is where we assess your application and decide if we can allow what you've asked for.

We'll let you know by email whether your application can be duly made. If it can't be duly made, we'll return your application to you.

If we do have to return your application we'll send you a partial refund of your application payment. We'll retain 20% of the correct application charge to cover our costs in reviewing your application. This maximum amount we'll retain is capped at £1,500. Further information on charging can be found

at: <https://www.gov.uk/government/publications/environmental-permits-and-abstraction-licences-tables-of-charges>

Note: Our email system has a file size limit of 25MB, if your returns exceed this limit you will have to arrange an online file transfer. Please ensure the file transfer link does not have a time limit on it.

If you have any questions please contact me.

Kind regards

Kate
