

Contingency Measures at Green Lane Farm

The following contingency measures are included in the farm operations.

Power failure – See Emergency Plan

Fire – See Emergency Plan

Flood – See Emergency Plan

Major Bird Loss – See Emergency Plan

Water supply Failure – See Emergency Plan

Litter/Wash Water Removal – Agreement with neighbouring farms for removal

Littering Out – Houses sealed immediately following bird depletion awaiting commencement of de-littering, ventilation during de-littering operated at a minimum to comply with health and safety constraints.

Washing Operations – Operator is in frequent contact with washing contractor in the event of being unable to begin washing on pre-booked date a second contractor would be used with no disruption to planned washing timetable, ensuring continuation of cycles with no impact on potential odour release.

Carcase Disposal – Site has an approved incinerator for the disposal of carcasses, in the event of breakdown, a licensed renderer would be contacted for the collection of carcasses.

Staff shortage – In the event of manager absenteeism/sickness, Operator has other fully trained staff could be called upon, ensuring the continuation of normal operations.

Bird Collection – Integrator would organise alternative collection

Feed – Agreements with other Integrators to supply feed

**Waste – Other types of non-odorous waste safe to remain on site awaiting
Collection**

Adverse weather conditions road closures – Monitored daily by Integrator with bird collection delayed or brought forward.

Site closure during operations is not practicable due to potential welfare issues with intensive livestock installations.
