

LEGEND

- Proposed first stage channel (permanently well), including pool bar
- Proposed second stage channel (only wet when river levels rise) - wetland meadow mix
- Proposed wetland features, scrapes, backwaters
- Offline ponds & scrapes
- Proposed riffle feature
- Proposed stone access track (seeded with temp works area seed mix)
- Bank re-grading / marginal shelf creation
- Existing rivers, streams and ditches
- Existing Green belt
- Proposed combined gate (pedestrian kissing gate and single-leaf vehicle gate)
- Existing electric road
- Invasive species Himalayan balsam
- Proposed wet woodland
- Proposed dry meadow mix
- Proposed woodland edge
- Proposed low shrub planting
- Temporary works area to be seeded
- Ford crossing
- Low flow weirs dressed with gravel to act as riffles
- Proposed spillway
- Proposed fence
- Single-leaf vehicle gate - approx. 4m
- Double-leaf vehicle gate - approx. 8m
- Proposed combined gate (pedestrian swing gate and single-leaf vehicle gate)
- Proposed hedgerows with trees
- Existing trees to be retained
- Existing trees to be removed
- Existing trees Root Protection Area
- Proposed tree
- Scheme boundary

NOTE

This drawing is to be read in conjunction with:

- the proposals for engineering works, refer to drawing IMSE500177-CH2-00-00-VS-C-0027
- Tree Survey Report IMSE500177-CH2-00-00-M2-EN-0213 (Jacobs, 2022)
- Ecology Walkover Survey Report IMSE500177-CH2-XX-00-SU-EN-0715 (Jacobs, 2020)
- Invasive Species Survey maps and report (EcologyLink, 2017 and 2020), and Invasive Species Management Plan.

Notes

- Information shown on these drawings is not valid for Construction. Please refer to the status of the drawing in the Title and Issue box
- Do not scale from this drawing, use figured dimensions only where they are shown
- Do not procure or manufacture materials, or undertake construction site works from this drawing unless the issue status is noted as 'for construction'
- Any contractor that chooses to take forward this information for construction without full review process and sign-off does so at their own risk.
- All measurements are to be checked on site prior to construction.
- This drawing is to be read in conjunction with all other Gillespies drawings and specification and other consultants drawings as referred.
- Where any conflict or inconsistency occurs between drawing and specification information the Contractor is to immediately notify Gillespies prior to continuing working.
- Information to be read in coordination with Structural Engineers & M&E Engineer drawings & spec: Where any conflict or inconsistency occurs between Gillespies and Engineers drawing and specification information the Contractor is to immediately notify Project Manager prior to continuing working.
